(When more than one fingering is shown, the first is the most common.)

Flute Key Diagram & Trill Exercises

Key Diagram:

This graphic can be used as a reference for the fingering and trill charts.

Trills are a form of musical ornamentation which involves a rapid, slurred, alternation between a main note and the note above.

Unless otherwise indicated, the trill should be played taking the key signature in consideration. Sharp (\sharp), flat (\flat), or natural (\natural) signs that appear above a trill notation indicate a departure from the key signature of the piece.

Examples of trill notation:

Four examples of trill notation on a treble clef staff:

- trill B \flat to C
- trill B \flat to C \flat
- trill B \flat to C \sharp
- trill D to E \flat

Practice trills by taking the indicated notes and creating an exercise that progresses from slow to fast measured rhythmic values - finally let the trill finger(s) alternate freely. Using a metronome will greatly enhance this drill technique.

the indicated notes are B \flat to C

Measured Trill Exercise:

(allow finger(s) to alternate freely)
